

# Jeff Goss of the Cherokee Nation (USA) helps Lokono-Arawaks of Pakuri start Tilapia Aquaculture project in Guyana

US\$675.00 has been raised so far and US\$500 of this will be utilized to get the Pakuri Tilapia project started with the balance (and any more up to a limit of US\$500) being earmarked for Makushi allies of the Eagle Clan Lokono-Arawaks in the Rupununi region of Guyana who have already started an Aquaculture project of their own using popular native wild fishes known for fast growth and reproduction.

These are the kindhearted contributors to the Pakuri Aquaculture Tilapia Project #1:

1. Mark Owens, Sauk-Fox/Cherokee/Choctaw
2. Lee Nephew, Ojibway
3. Sally Sherlock, Creek/Cherokee
4. Sonya Gjokas, Cherokee

*Pakuri Arawak Residents Maradonna and Lolita Simon at Aquaculture Tilapia pond site #1 on Pakuri Arawak Territory, the pond will be cleared in stage 1, fenced in stage 2, stocked with adult Tilapia breeders in stage 3. This site was chosen because it is in close proximity and in full view of the Simon home and this will discourage 'interference'.*
